Sajiya Khatun, aged two years old, was born with a Cleft Lip. Little did the parents know about the severity of the child's problem until they took her to the doctor. Surgery was advised and the cost of the operation was too high for the family to afford.

The family received pamphlets informing them of the free surgeries available on the Lifeline Express and came to the train with hope in their hearts.

The little girl underwent Plastic Surgery for repair of Cleft Lip at the hands of Dr. Prem Shankar on 17<sup>th</sup> September 2017

Sajiya's parents were happy as they never thought their little girl could get operated free of cost resulting in repair of her facial deformity.
